Teaching a Social Skill

Name: ___________________  Date: ___________________

Think of one of the students you work with. What are some social skills he or she needs to learn? Use this worksheet to make a plan for using direct instruction to support that student in developing that skill. After you have tried this strategy, evaluate the process.

Name or initial of student: __________________________

Social Skill: ________________________________

Step 1: What is the need?

Step 2: What are the skill components?

Step 3: How would you model the skill?

Step 4: How would you role play?

Step 5: How would the student practice?

Step 6: How would the student learn to use the skill outside of the classroom?

How did it go? What went well? What will I do differently next time?
